

AVC DIGITAL MARKETING SERVICES

Display ads are a great way for businesses to reach a wider audience. With banner ads of different sizes, they can target people viewing websites on both desktop and mobile devices.

Get in front of customers when they search on Google. Only pay for results, clicks or calls! Your ads appear at the very moment someone is looking for products or services like yours. Display Ads run on third party networks and websites too!

Streaming audio is an awesome advertising strategy that lets businesses promote their brand with 15-30 ads on third-party platforms like music stations or podcasts. It's a fantastic way to reach a wider audience and make your business heard!.

Be seen where everyone is watching! With YouTube and Hulu ads, reach LOCAL potential customers when they watch or search for videos on YouTube or Hulu in your targeted area. You only pay when they show interest. No Video? No problem! We can create that for you too!

Pre-roll Advertising on the AVC Radio apps are extremely practical! Listeners will hear and see YOUR message BEFORE their music stream starts meaning you'll reach them when they are engaged and interested! Heard on YourRadioPlace.com, Alexa, Google Assistant, Android & Apple Mobile apps.

A must have for every business! Engage with customers directly and Let us manage how your business appears on Google Search and Maps. Google My Business makes it easy to do, and grow your business.

Video ads are like commercials that play before, during, and after content on websites, whether you're browsing on desktop or mobile. They're a great way to capture attention and connect with your audience!

Geo-fencing is an amazing advertising strategy that targets people using apps and mobile websites in specific locations. With Video Geo-fencing, businesses can serve 15 to 30-second video ads. It's a fantastic way to reach your future customers that are browsing at your competitors!

Facebook and Instagram can take your business to a new level! Advertising only options for both platforms with creative content to reach the most potential customers possible. Advertise directly to a targeted, engaged audience. Generate Leads. Grow Online Sales.

LinkedIn allows you to market a business to consumers using paid advertisements within the LinkedIn platform. It's a great way to reach a professional audience and boost awareness of your business.

YourRadioPlace.com has been this area's most popular community News and information website for 20 years. Our award winning website averages over 1 million views per month! Link to your website or Facebook page, feature an article or video and get top of mind advertising in local content.

Snapchat is an incredible platform for local businesses to market themselves to consumers using paid advertisements within the Snapchat platform. It's a great way to reach a younger audience and boost your business presence!
